After Click Add Row , This kind of blank row will come

Note : Need to make style wise & container wise separate packing list

New Packing List Number Create

The screenshot shows a web application interface for creating a new packing list number. The main window displays a table of packing lists with columns for Packing No, Exit Date, File No, Style No, and Split Warehouse. A search dialog box titled "STYLE NO/FILE NO List -- Webpage Dialog" is open, showing search criteria and a list of results. The search criteria include Order Date (2022-06-30 to 2023-02-01) and Manufacturer (58404). The search results table lists items with columns for FILE NO, STYLE NO, Distributed Del., and Manufacturer. A grey highlighted box in the main table (row 6) is circled with a '1'. The search dialog box has a 'Query' button circled with a '3' and a 'Confirm' button circled with a '5'. A row in the search results table (row 8) is circled with a '4'. The search dialog box title is circled with a '2'.
